## ICAO UASSG

### Task of the Working Groups:

“to review broad subjects and ICAO Annexes with the intent of identifying gaps between existing SARPs and ones needed for accommodation of unmanned aircraft systems.”

### Proceeding:

- 1) Analysis of the existing rules,
- 2) Analysis of the necessary UAS procedures,
- 3) Analysis of the gaps,
- 4) Changes of ICAO procedures by best practice.

### Result:

ICAO Circular

### Second Meeting:

06.12. – 11.12.2008 in Montreal

Thank you for your attention !
